

Inhalational Anesthesia Crash Course

From Basics to Confidence

 **Dates:** October 18–19, 2025

 **Venue:** Althea Training Center, Zet Diagnostic Clinic, Bucharest

 **Lecturer:** Dr. Tamas D. Ambrisko, DVM, PhD, DACVAA, DECVAA
Diplomate of the American & European Colleges of Veterinary Anesthesia and Analgesia

Dr. Ambrisko is a board-certified veterinary anesthesiologist with a PhD in Veterinary Science and a residency at the University of Pennsylvania (USA). He has published **over 30 peer-reviewed papers** and has **decades of experience** teaching anesthesia to veterinarians across the globe. His courses are known for their **practical, clinically relevant approach**, tailored to private practitioners.

About the Course

This course focuses on dogs and cats and provides a **comprehensive overview of modern inhalational anesthesia** in just two days: physiology, pharmacology, monitoring, and technology. The most important complications and their management will also be discussed.

 **Goal:** To enable participants to apply inhalational anesthesia safely and confidently in everyday veterinary practice.

 **Participants:** Veterinarians, veterinary assistants, and students (10–25 participants)

 The course will be delivered in English.

 Veterinary assistants and students are also welcome, provided they have sufficient experience and join at their own responsibility.

Participation Fee (2 days)

- Veterinarians: **2500 RON / person**
- Veterinary assistants, students & online participants: **2250 RON / person**

 **Online participation** does not mean live streaming. It provides access to the **video recordings of the real event**, which will be uploaded after the course. Participants will be able to watch the full lectures with synchronized slides and audio for **3 months** from the date of payment, and they will also receive the **PDF lecture notes by email**.

What's Included

-  Course notes & certificate of attendance
-  Access to video recordings until January 31, 2026
-  Coffee, soft drinks, snacks, and light lunch
-  CPD points from the Romanian Veterinary Chamber
-  Voluntary online test one week after the course

Program

Day 1 – Saturday, October 18

08:45–09:00 — Registration & welcome
